

AMERICAN PROSPERITY PROGRAM - EXECUTIVE SUMMARY

You were screwed. Royally. In the largest financial scam in world history. You and everyone you know. Your income is literally half of what it should be for the same amount of work.

It explains most everything that is wrong with your life and additionally explains most of what ails America. Turns out you did have legitimate grievances many of which weren't your fault.

And we can prove it beyond any doubt. Beginning in 1980 the elite of the elite transferred a total of \$50 trillion out of your and my bank accounts directly into their own. We call it the Big Rip and it continues to this day

It used to be that gains in the national economy and GDP were split equally between the lower, middle, and upper classes. This led to the greatest run of economic prosperity in WORLD HISTORY. This is where the American Dream was invented and it's where the middle class was born.

But all of that changed. In 1980 the elite instituted a paradigm shift wherein they turned the ENTIRE GOVERNMENT on all levels, ALL OF WALL STREET, and THE ENTIRETY OF THE CORPORATE WORLD into vessels with one solitary purpose. To make the rich richer.

Starting in 1980, the richest in the country captured over **99 PERCENT** OF ALL INCREASES IN NATIONAL INCOME. And the middle / lower captured **LESS THAN ONE PERCENT**.

AND THERE IT IS. THEY DESTROYED THE COUNTRY AND THE AMERICAN DREAM.

The middle and lower classes **AVERAGED \$200 A YEAR** in annual income increases for **OVER FORTY YEARS**. 7/10ths of 1%. **A FREAKING PAIR OF NIKES**.

The American Dream vanished. for generations and generations. There was simply no way to get ahead. And that's the stagnation at the root of all your problems.

Meanwhile the billionaires keep doing their billionaire boogie. With their 99% share of all increases in income.

They got away with it with a brilliant plan. We call it **MAX DISTRACT**. They had created a huge void with all the looting and so they needed a major distraction. And Lordy they found it. Welcome to the culture wars.

Republican demonization, Democratic identity politics. All with the solitary intent of stroking outrage. Welcome to Conflagration Nation **WHERE NOTHING EVER GETS DONE FOR YOU. NOTHING. EVER. NEVER.**

The culture wars that pitted Americans against one another, brought out the worst in people. That was by design. With everyone consumed by culture wars, no one paid any attention or even noticed the massive grift by the wealthy elites.

Politicians no longer govern, they just perform and agitate for clicks because that's where the donors are. They're not interested in any real solutions, because that would be bad for business. Might give the other party an advantage.

National media and social media are not REMOTELY interested in the public good, because that doesn't drive ratings. What they do is PACKAGE AND DISSEMINATE OUTRAGE.

If you're interested in politics, you've come to the wrong place. When it comes to the culture wars, it has NOTHING to do with us. When it comes to your prosperity, we are APOLITICAL. There are NO solutions on that level and absolutely no tangible benefit to you.

Every day you spend obsessing about the latest cultural outrage is another day they have their hand in your pocket. Economics is a SCIENCE. And it's this science the rich used to scam you.

We intend to turn economic science to OUR advantage. And, *we are not talking about socialism. We are not talking about communism. And we are not talking about populism.* It's critical to remember:

WE ARE ADAMANTLY PRO-BUSINESS AND PRO-CORPORATE PROFITS. WE ARE RAGING CAPITALISTS.

Our solutions are neither right nor left, and they all are popular with the general public. Finally, in case you were wondering, we are a **NON-PROFIT**. Our American Prosperity Program is a completely free public service.

We have devised 54 Micro Solutions that will solve the problem of your economic stagnation and dramatically enhance your income. quickly. Corporate profits are double what they were when the American dream was first conceived.

There are plenty of resources to contribute to the doubling of your income. And we know where they are and how to access them.

So, are you ready to do this? Are you ready to start earning what's rightfully yours? Are you ready to get the country to work for you instead of working entirely for rich people? We believe in America and in America ultimately votes are more valuable than money. It's a foundational element of our program. of our destiny.

Money has run the country for the last 50 years. For these 50 years Americans on both sides of the aisle have voted *against their own best interests*. Voted in favor of the rich.

It's time now. Time to stand up for yourself, your family, and your friends. Oh, and by the way, your country.

But it starts with economics. It starts with putting the money back where it belongs - with you. The American Dream isn't dead. It was stolen. And it's time to steal it back. Now is the time to wake up, wise up, and rise up.
